Oils, Lubricants and Hand Cleaners

Our Oatey® and Hercules® cutting oils outperform the competition in four key areas: cutting efficiency (tap and drill test); in-use temperature and power requirements; fewest nicks and wearability on tools; and cutting the cleanest threads.

Hercules® for Hands™ (see page 62)

Say Goodbye to Dirty "Plumber's Hands"

These pre-moistened hand cleaning towels are specifically formulated for plumbers. **Anti-bacterial** and ready-to-use, the towels remove industrial paints, lubricants, adhesives, tar, printer's ink, sealants, grease, oil, grime, caulks, flux and other stubborn soils. They also soften and **remove plastic pipe cement**. Use them for any dirty job!

Hercules for Hands towels are a safe alternative to products with harsh skin-drying solvents or abrasive particles. **They contain skin-conditioning aloe vera and vitamin E.** The 12" x 10" towels are rugged, and won't shred or leave residue on hands and can also be used to clean many other surfaces (see label precautions). Each container features a unique, patented storage lid that keeps all remaining towels moist.
